

Apopka High School Bands

555 Martin St, Apopka, Florida 32712

Mr. Matthew Arnold, *Principal*

Mr. Jeremy Langford, *Director of Bands*

Greetings!

On behalf of the Band program of Apopka High School, I would like to say thank you for taking the time to consider sponsoring the "Opportunity of a Lifetime".

Since its inception, the Apopka Band program has become a great source of pride and excitement for Apopka High School and our surrounding community. This tradition of excellence has created a wealth of opportunities for students within the program to grow on many levels as musicians and citizens of our society. This "Opportunity of a Lifetime" is important for each student musician as they learn many qualities synonymous with *success* throughout their time as a member of the Apopka Bands. During the course of four years within the program, our members will incur many life experiences that will help mold their ability to become successful at anything they set forth to do.

As a program, our educational philosophy is simple: *We provide the best so they can be their best.* "We" are the faculty and boosters; "They" are the membership. While this is somewhat open ended, our goals of *providing the best* range from creating the best environment for learning, bringing in the best instructors, providing the best musical literature for study and performance, finding the best performance venues, and giving each student the best music education possible. Our definition of music education extends well beyond the four walls of any classroom and into the world we live in, creating a diverse environment for learning and growth. The educational possibilities for growth are endless and we constantly strive to bring these unique and essential "Opportunities of a Lifetime" to each member.

Part of the growth process for our program is to continually evaluate and improve our organization. We are proud to support our community and championship-level football team! This year we are undertaking a huge project to take our program to the next level. Our goal is to acquire a 53' Trailer which can be used to transport equipment to games, performances, and competitions. This trailer will be customized to transport instruments and equipment preventing the damage we experience in utilizing the rented trucks we currently use. Additionally, we will custom "wrap" the trailer promoting Apopka and the High School Band. We have seen community and student pride increase in neighboring communities which have undertaken similar projects. While each student has a financial responsibility to the program, we come to you, our community and supporters, for assistance to give each member the "Opportunity of a Lifetime". Please visit www.ApopkaBands.com for additional information or call our fundraising chairman Bill Spiegel at 407-925-4382 for more information on getting involved.

Thank you in advance for your time and consideration.

Musically,

Jeremy Langford, *Director*
